

WHY CHOOSE EO GAS?

With the exception of foods, drugs or liquids, Anprolene sterilizes most items without damage: electronics, fiber optics, plastic and paper, in addition to all items normally sterilized by other means.

- Used by thousands of practices around the world.
- Anprolene will save you thousands by preventing instrument damage.
- True sterilization without heat, moisture or abrasive chemicals.
- Quick installation: tabletop design is compact and portable.
- 100% Ethylene Oxide sterilization

Anprolene[®]
gas sterilization

A partial list of items you can sterilize includes the following. If in doubt, contact Customer Service at 877-561-0500

Electronics/ Fiberoptics

Cameras	Defibrillator leads	Electrocautery cord	Microdrills	Thoracic ventilator valves
Cautery cords	Digital cameras	Embryotomy wire	Nerve stimulators	Ventricular leads
Cautery tips	Dremmels	Fiberoptic scopes	Scopes	
Defibrillator paddles	Drills	Flashlights	Staple guns	
	Elastic reels	Laptop computers	Temperature probes	

Implants/ invasive Items

Birth control implants	Fluid warming line implants	Needle holders	Sutures [open or unused]	Ventricular leads
Embryo transfer sets	IVF materials	Nerve stimulators	Thoracic ventilator valves	
	Needles	Nylon implants		
		Skin staplers		

Plastic and Paper

Anesthesia masks	Darts and dart needles	Gowns	Paper	Temperature probes
Bandages	Dermal punches	Implants	PEEP valve sets	Thoracic ventilator valves
Basins	Drape materials	IV sets	Penrose drains	Toothbrushes
Biopsy punches	Elastic reels	Light handles	Plastic bottles	Tourniquets
Bulb syringes	Embryo transfer sets	Marking pens	Reservoir bags	Ventricular leads
Cannulae	Endotracheal tubes	Masks	Scrub brushes	
Catheters	Feeding sets	Nasogastric tubes	Speculae	
Clamps and crimpers	Filter bougies	Nylon implants	Sponges	
Central air hoses		Oxygen airway hoses	Sutures [open or unused]	
Collection materials		Pacemakers	Syringes	
		Pacing leads		

Surgical Instruments

Dermal punches	Microdrills	Rasps	Stent sets	Thoracic ventilator valves
Dremmels	Nerve stimulators	Saws	Surgery packs	Ventricular leads
Drills	Neuter clips	Scalpels	Surgical handpieces	Wires and wire cutters
Electrocautery cords	Pacemakers	Scissors	Syringes	
Electronics	Pacing leads	Sharps	Temperature probes	
Forceps	Pin cutters	Skin staplers		
	Pliers	Staple guns		

Disposable/ Reusable Items

Anesthesia masks	Collection materials	Gauze	Oxygen airway hoses	Reservoir bags
Bandages	Darts/dart needles	Gloves	Pacemakers	Scrub brushes
Basins	Dermal punches	Gowns	Pacing leads	Skin staplers
Biopsy punches	Dilators	IV sets	Paper	Speculae
Bulb syringes	Drape materials	Marking pens	Penrose drains	Sponges
Burr	Elastic reels	Masks	Plastic bottles	Sutures [open or unused]
Burr handle	Endotracheal tubes	Nasogastric tubes	Petrie dishes	Syringes
Cannulae	Feeding sets	Needles /needle holders	Pin cutter	Wire cutters
Catheters		Nerve stimulators	Pipettes	
Cautery handle
